## Board Meeting

### The Articles for This Month

#### Meeting

The regular August monthly meeting of the board is shown here. And that is about it. I am sorry that the Local Oscillator is so late and with little content. It is really because of procrastination but also computer trouble. My keyboard stopped working. Everything else worked fine but nothing could be printed. Three computer stores said the keyboard was fine so I went home, talked to the computer during the night, and threatened it with the waste basket, and it started to work this morning.
